# Fund **OVERVIEW**

As young people face up to today's challenges, we know the DofE has never been more needed.

In line with our strategy, **Youth Without Limits**, we are committed to ensuring that the DofE is open to all young people and that our participants reflect the most diverse generation of young people ever.

To break down barriers to participation, we're re-launching the Resilience Fund and combining this with our Support for Current Licensed Organisation funding.

“ Located in an area of Blackpool which has high levels of deprivation, there are many families on low incomes and therefore opportunities like the Duke of Edinburgh are fantastic for the students as it allows them to access activities and skills that they might not have the opportunity to do, due to The Resilience Funding that we receive off the Duke of Edinburgh. Having access to The Resilience Funding has been absolutely life changing for individuals at South Shore Academy. It has allowed nearly 300 students over the last three years to be able to access the DofE who without this funding would never have had the opportunity to do this.”
